Multi Peptide & Collagen Elixir

In conjunction with the Hyaluronic Acid BRS has added high quality multi-peptides to help protect the integrity of protein bonds and connective tissue responsible for keeping the skin tight and lifted.

It is very light weight, absorbs completely leaving no residue behind. Also suitable as a moisturizer for very oily skin types.

Direction: Apply directly to the skin after cleansing and skin softener. May be used on the entire face and neck. Follow with moisturizer. Recommended for all non-problem skin types.
